Consumables procurement and receipt

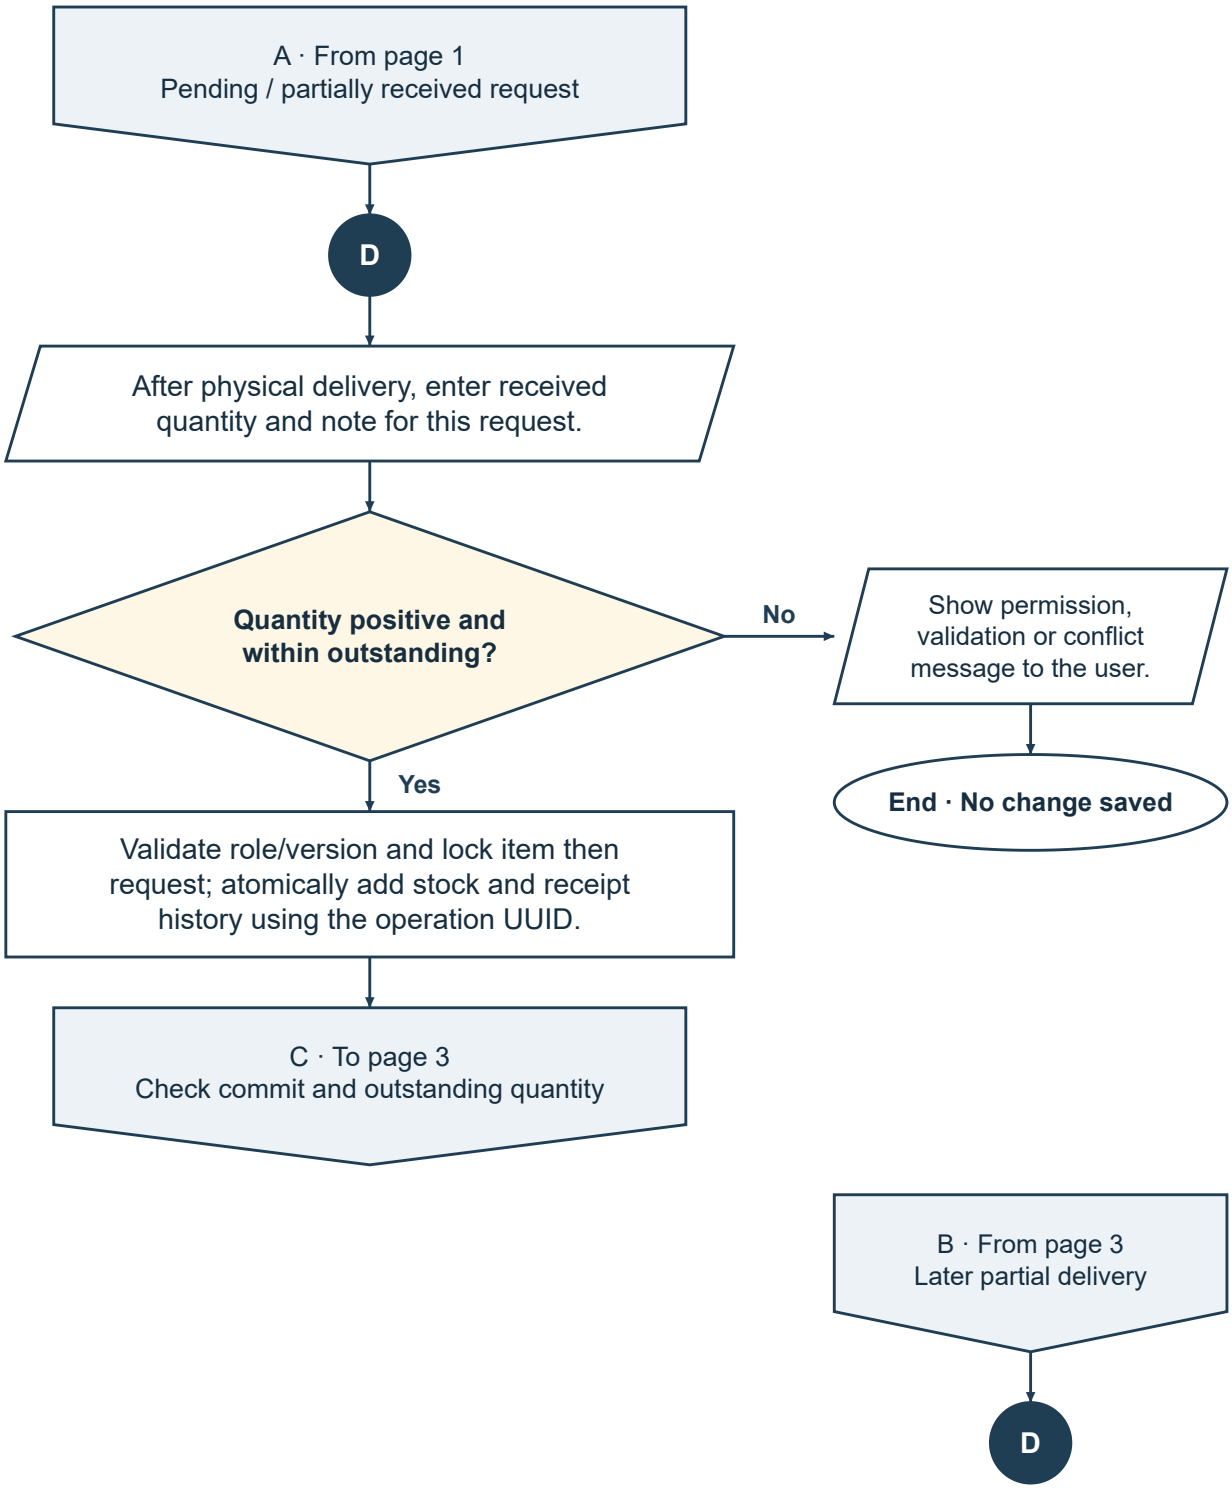

1 / 3 · Create stock request

One Pending / Partially received request per item. Purchase ledger recording is separate (workflow 13) and does not receive stock.

Consumables procurement and receipt

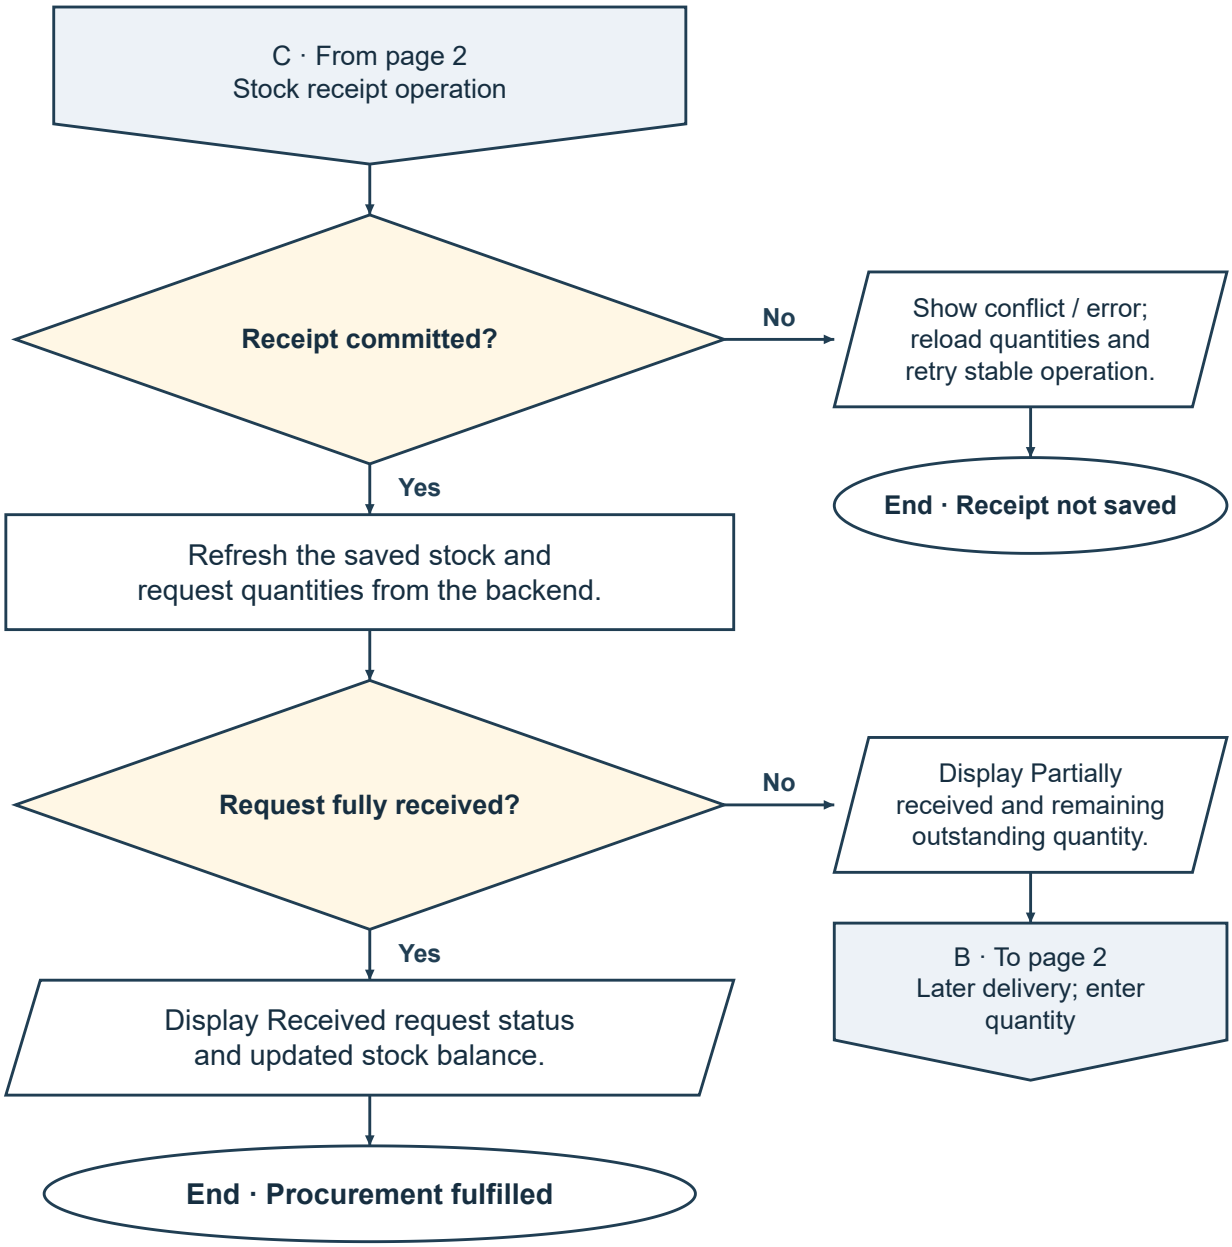

2 / 3 · Receive quantity and retain outstanding balance

D returns to quantity entry for a later delivery. Already received stock stays recorded when outstanding procurement is canceled.

Consumables procurement and receipt

3 / 3 · Complete or continue procurement

A receipt increases stock. Saving a supplier purchase record does not. Cancellation is documented in workflow 11.
