Equipment Transfers

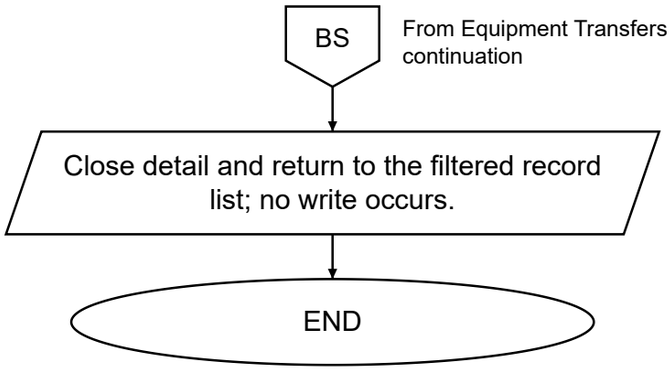

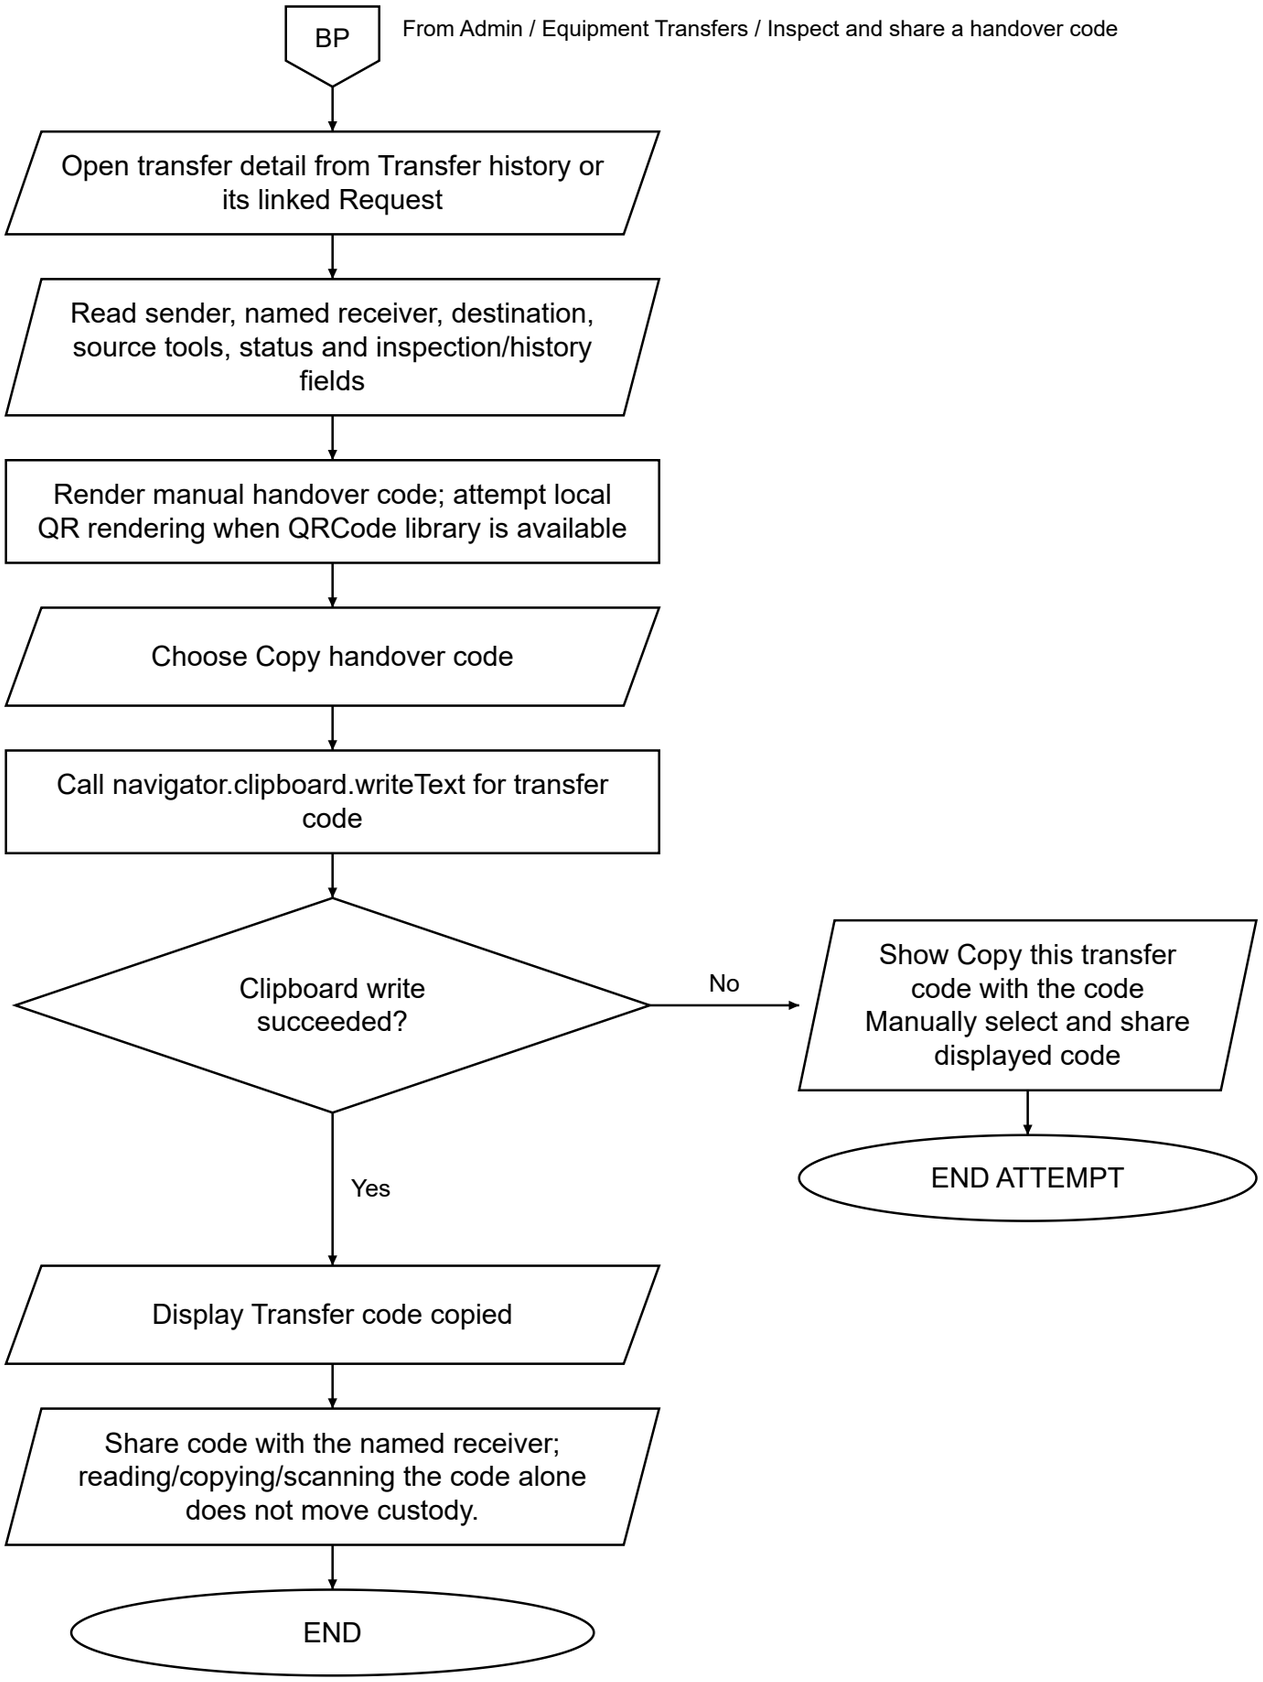

Equipment Transfers

Equipment Transfers

BS
From Equipment Transfers / Load, filter and inspect equipment transfers continuation
Close detail and return to the filtered record list; no write occurs.
END

BP
From Admin / Equipment Transfers / Inspect and share a handover code
Open transfer detail from Transfer history or its linked Request
Read sender, named receiver, destination, source tools, status and inspection/history fields
Render manual handover code; attempt local QR rendering when QRCode library is available
Choose Copy handover code
Call navigator.clipboard.writeText for transfer code
Clipboard write succeeded?
No
Show Copy this transfer code with the code Manually select and share displayed code
END ATTEMPT
Yes
Display Transfer code copied
Share code with the named receiver; reading/copying/scanning the code alone does not move custody.
END
