People and Accountability / Account Management

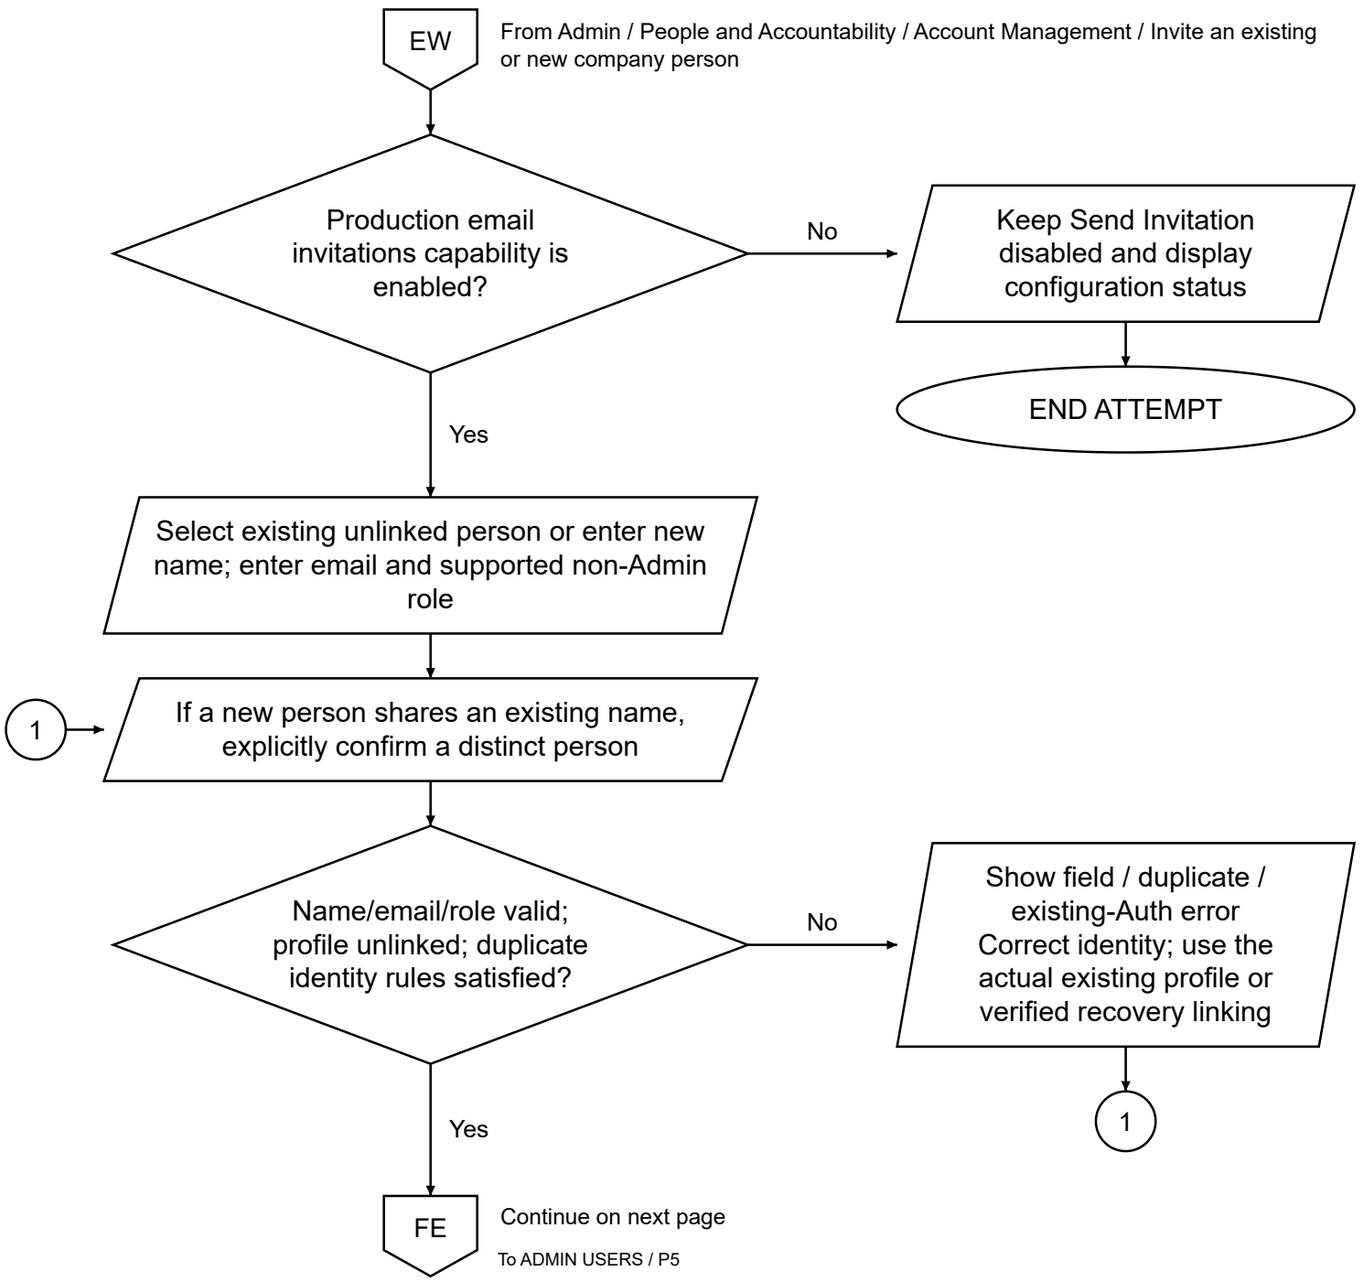

People and Accountability / Account Management

FE
From People and Accountability / Account Management / Invite an existing or new company person continuation
1
Continue with current screen / retained form; retry as directed by the displayed feedback.
Invoke manage-accounts invite with durable invitation ID; server verifies active Admin and origin
Prepare invitation/profile; claim a lease; send invitation email unless prior Auth step is confirmed
Email / durable invitation finalization succeeds?
No
Release lease when possible; retain durable job and company person Show rate-limit / service error; retry the existing invitation after recovery
1
Yes
Finish verified Auth link; set profile active; append account audit
Close invite panel; reload people and capabilities; show sent or already-sent confirmation
A verified invitation is linked to one company identity; recipient receives account setup email.
END

People and Accountability / Account Management

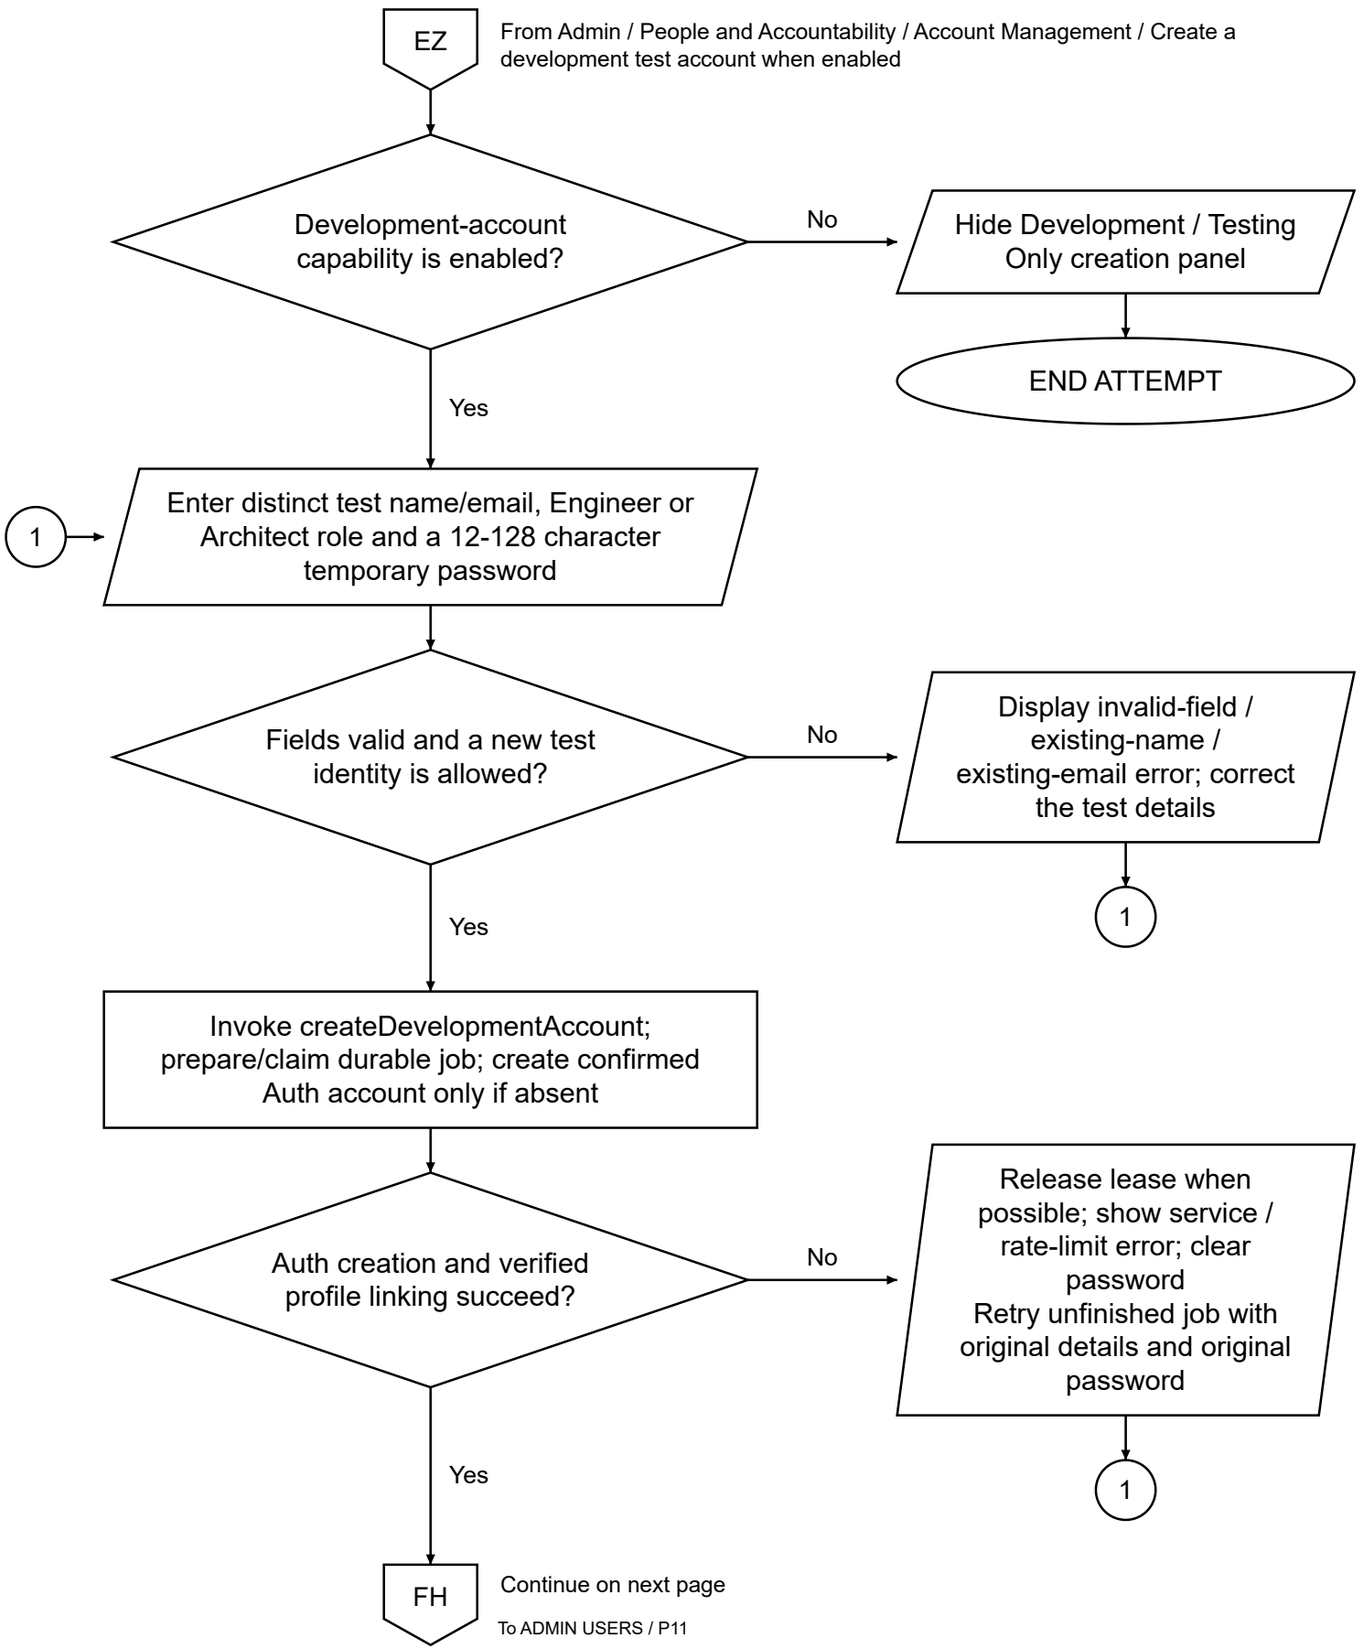

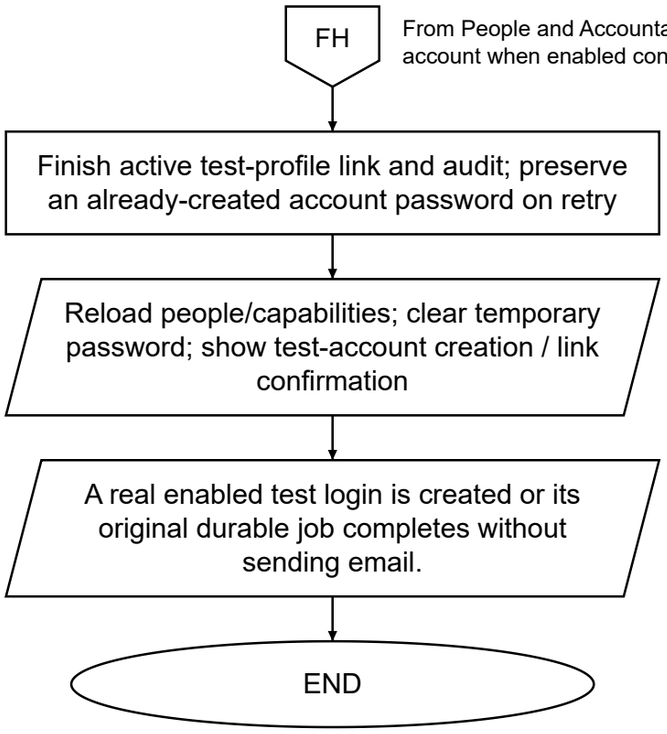

FF
From People and Accountability / Account Management / Retry a prepared invitation continuation
The original invitation completes without creating a second company identity.
END

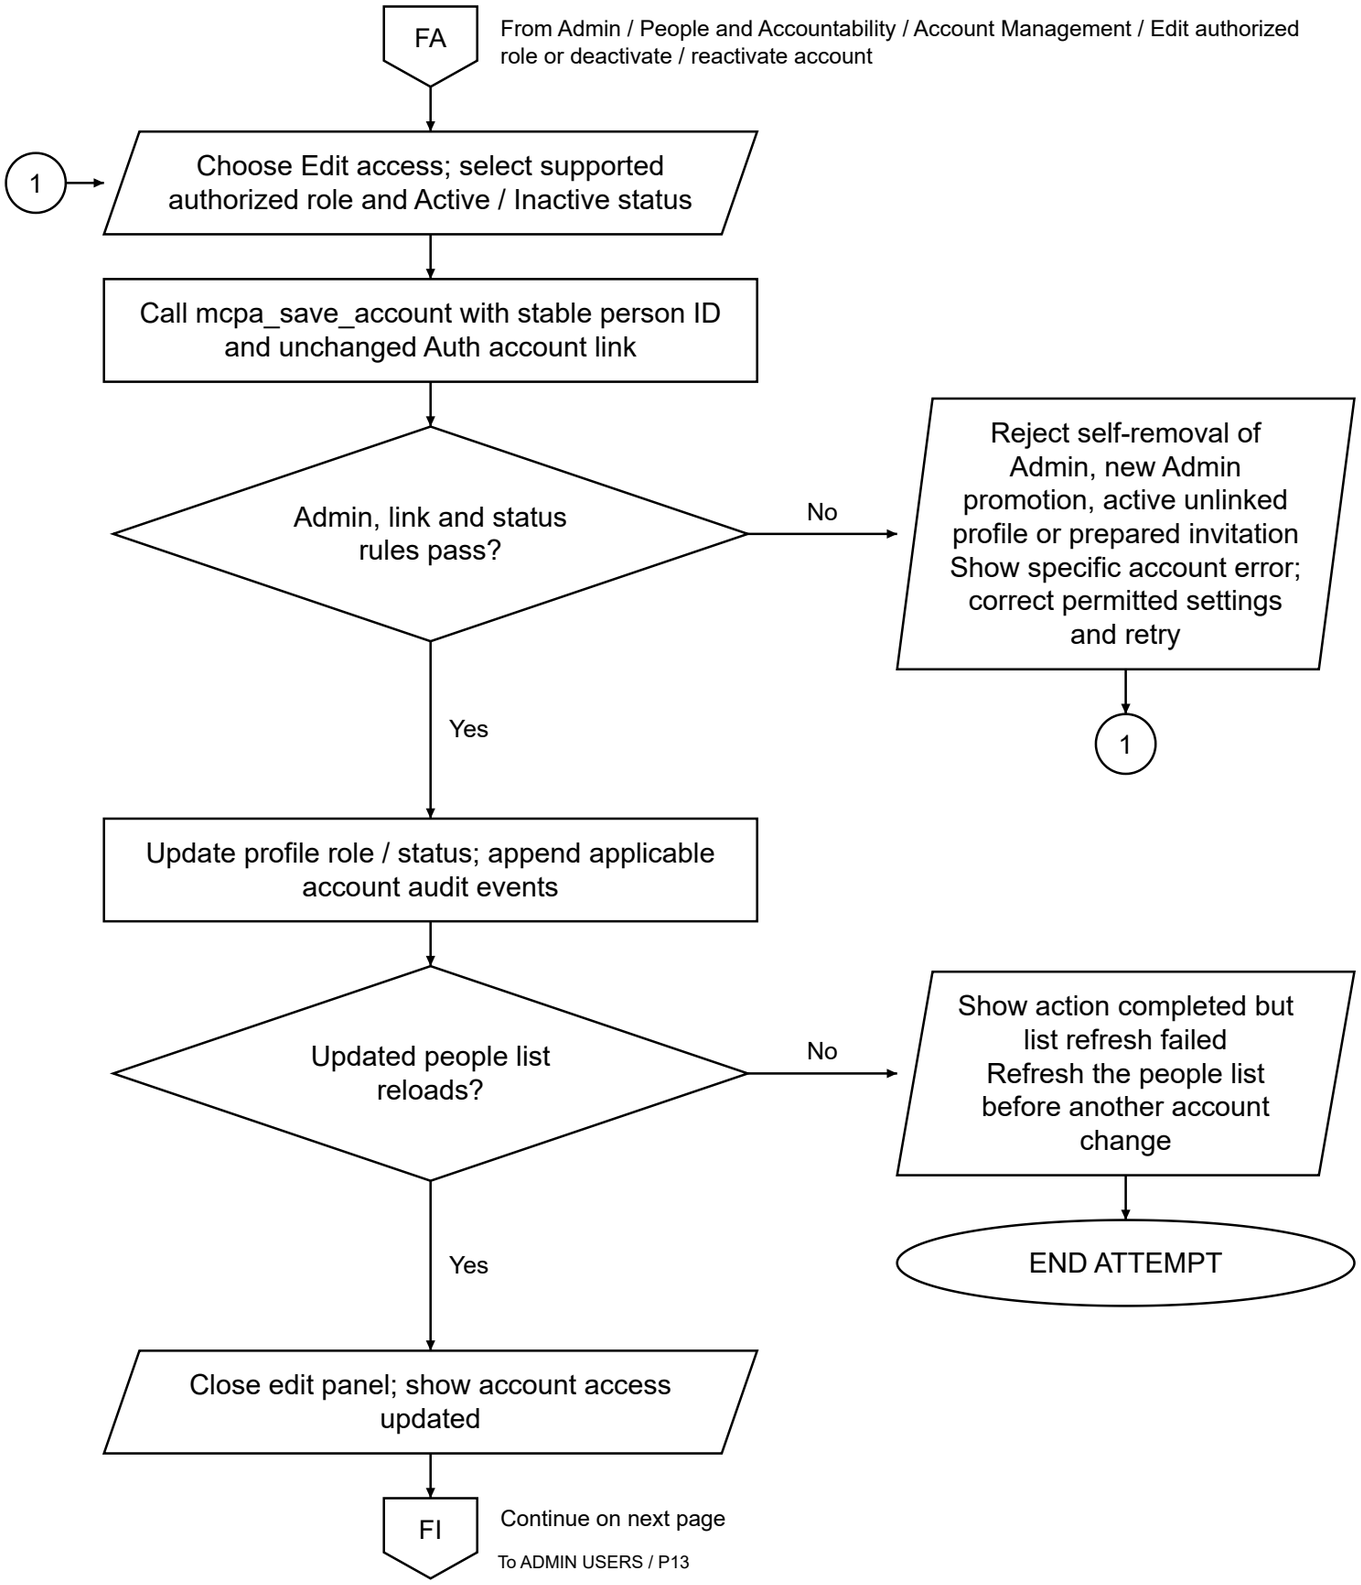

EY
From Admin / People and Accountability / Account Management / Resend an unaccepted invitation
1
Choose Resend invitation on active invitation-pending person
Invoke manage-accounts resend for original invitation ID
One-minute resend wait elapsed; lease free; invitation not accepted and account active?
No
Show wait / inactive / accepted / changed-identity message
Wait as instructed or use password recovery for an accepted account
1
Yes
Claim original invitation; send email and verify/finalize the same account link
Email resend and finalization succeed?
No
Show rate-limit / email service error; retain durable invitation
Retry this invitation after service recovery
1
Yes
Reload list and capabilities; display invitation sent

To ADMIN USERS / P9

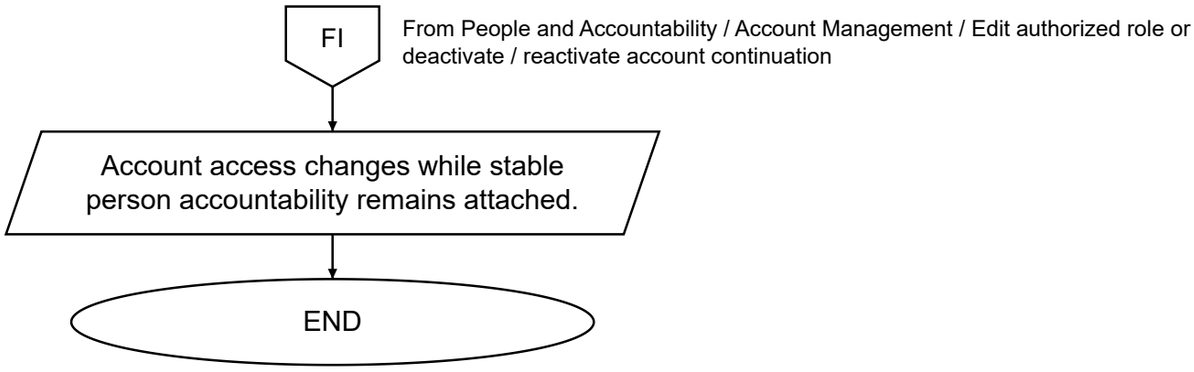

FG
From People and Accountability / Account Management / Resend an unaccepted invitation continuation
The existing unaccepted invitation is resent subject to identity and rate-limit checks.
END

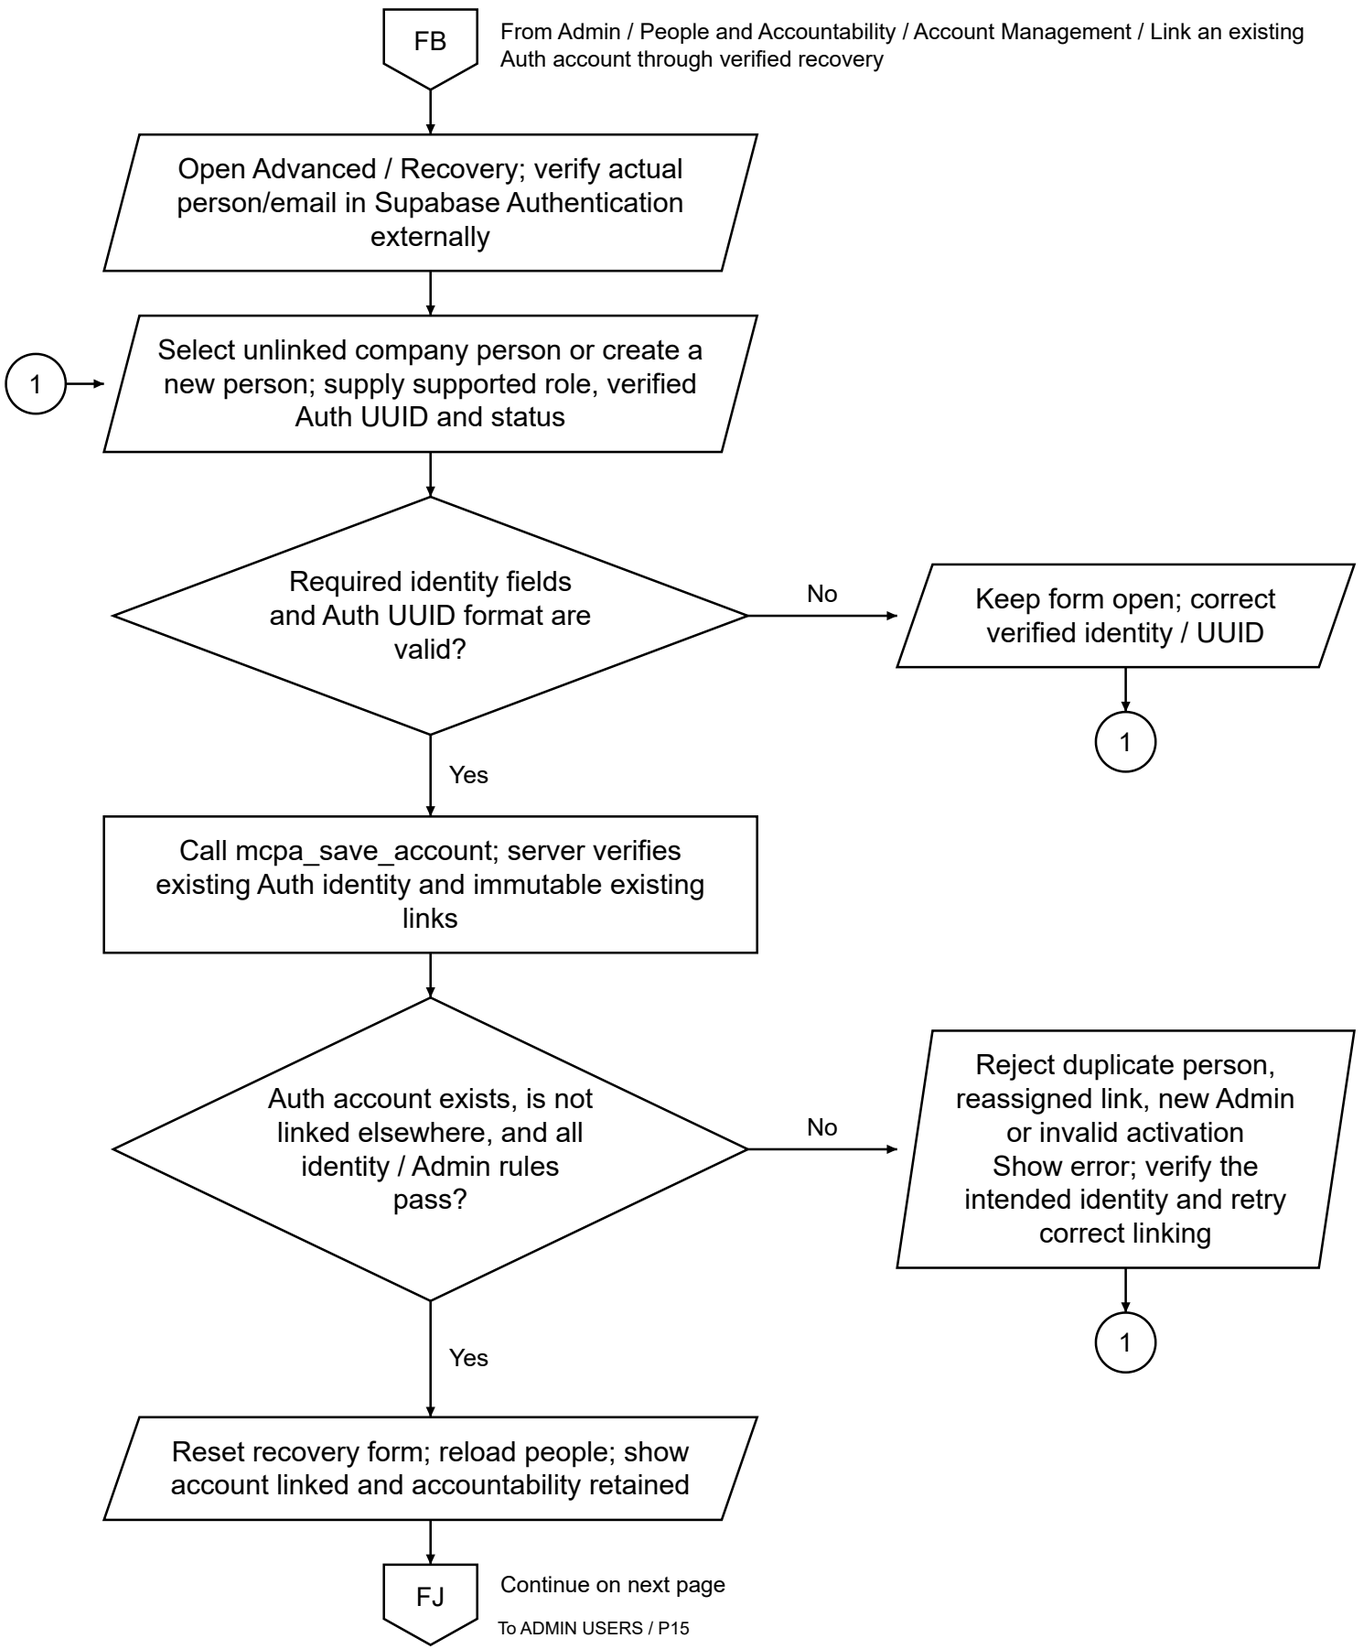

People and Accountability / Account Management

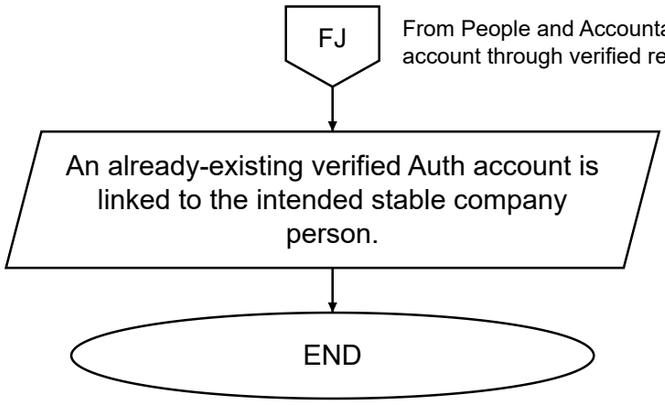

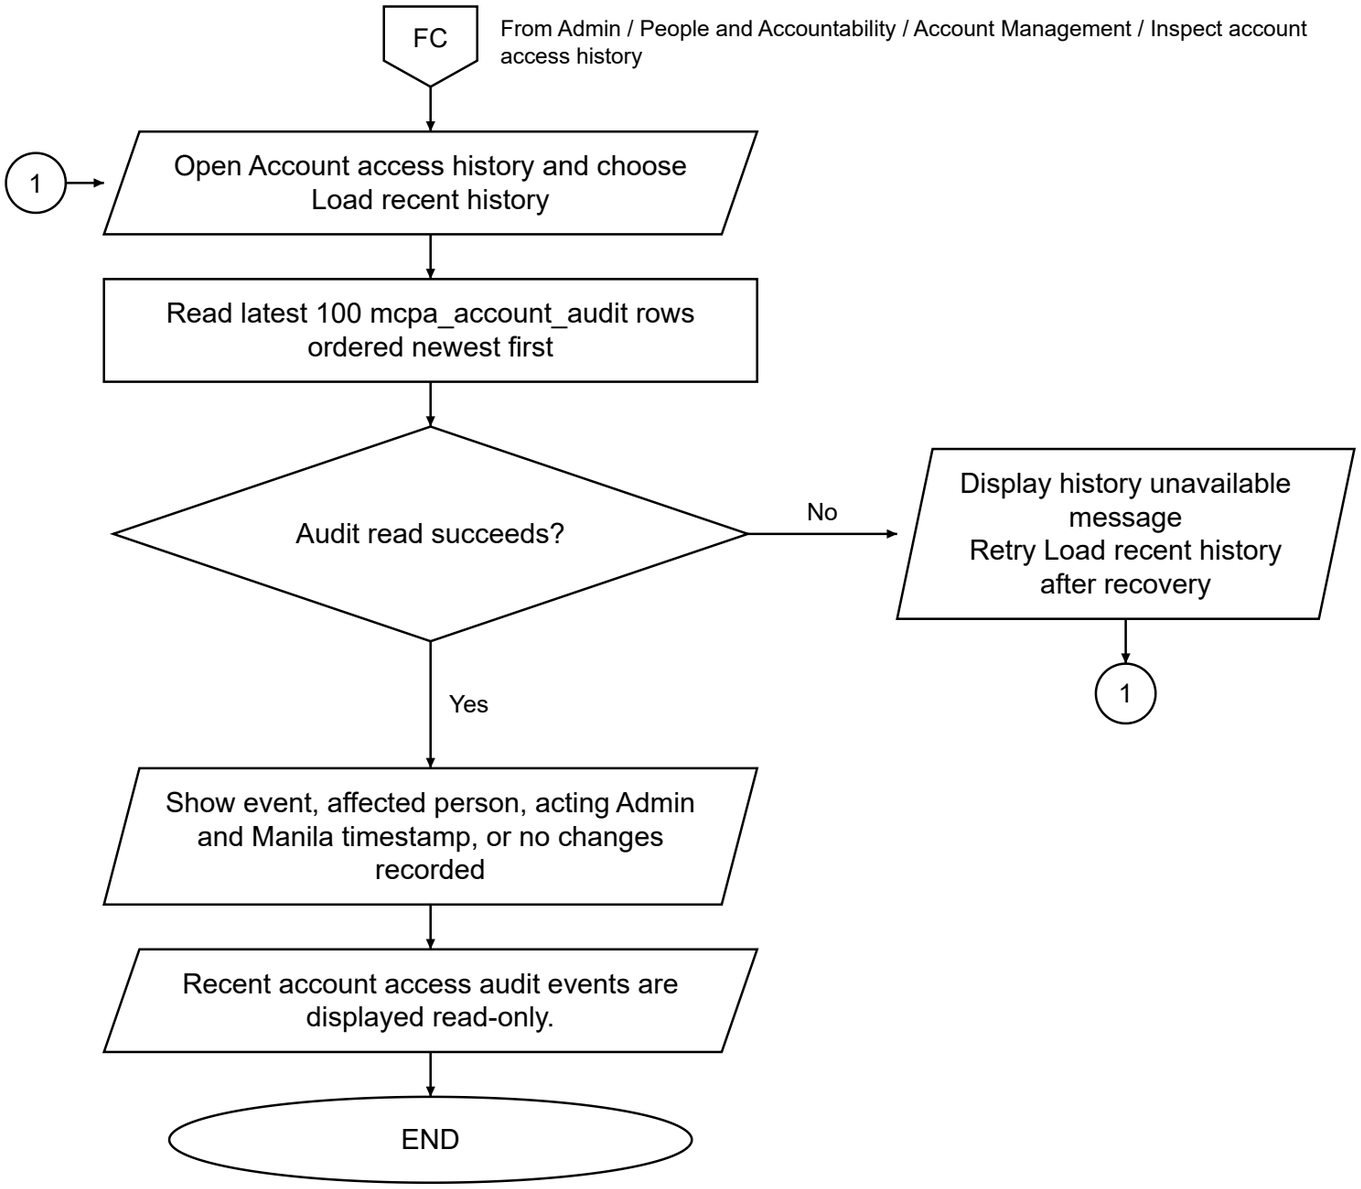

FH
From People and Accountability / Account Management / Create a development test account when enabled continuation
Finish active test-profile link and audit; preserve an already-created account password on retry
Reload people/capabilities; clear temporary password; show test-account creation / link confirmation
A real enabled test login is created or its original durable job completes without sending email.
END

FA
From Admin / People and Accountability / Account Management / Edit authorized role or deactivate / reactivate account
1
Choose Edit access; select supported authorized role and Active / Inactive status
Call mcpa_save_account with stable person ID and unchanged Auth account link
Admin, link and status rules pass?
No
Reject self-removal of Admin, new Admin promotion, active unlinked profile or prepared invitation Show specific account error; correct permitted settings and retry
1
Yes
Update profile role / status; append applicable account audit events
Updated people list reloads?
No
Show action completed but list refresh failed Refresh the people list before another account change
END ATTEMPT
Yes
Close edit panel; show account access updated
FI

To ADMIN USERS / P13

FI
From People and Accountability / Account Management / Edit authorized role or deactivate / reactivate account continuation
Account access changes while stable person accountability remains attached.
END

FB
From Admin / People and Accountability / Account Management / Link an existing Auth account through verified recovery
Open Advanced / Recovery; verify actual person/email in Supabase Authentication externally
1
Select unlinked company person or create a new person; supply supported role, verified Auth UUID and status
Required identity fields and Auth UUID format are valid?
No
Keep form open; correct verified identity / UUID
1
Yes
Call mcpa_save_account; server verifies existing Auth identity and immutable existing links
Auth account exists, is not linked elsewhere, and all identity / Admin rules pass?
No
Reject duplicate person, reassigned link, new Admin or invalid activation Show error; verify the intended identity and retry correct linking
1
Yes
Reset recovery form; reload people; show account linked and accountability retained
FJ
